SECTION II: RABIES VACCINATION REQUIREMENTS

- A. Initial Vaccination:
In the City of Trinity, every dog or cat, 3 months of age or older shall be vaccinated against rabies.

Young dogs and cats shall be vaccinated no more than 30 days after they have reached 3 months of age.

Unvaccinated dogs and cats, more than 3 months of age that are acquired or moved into the city must be vaccinated within 10 days of purchase or arrival, unless there is documented evidence of current vaccination.

B. Revaccination:

Every dog and cat shall be revaccinated no more than 12 months after the initial vaccination.

SECTION III. DUTIES

A. Duties of Veterinarian

It shall be the duty of each veterinarian, when vaccinating any dog or cat to complete a certificate of rabies vaccination (in triplicate) for each dog or cat that is vaccinated. The certificate shall include the following information:

1. Owners name, address, and telephone number.
2. Description of the dog or cat (species, breed, sex, markings, age and name).
3. Date of vaccination.
4. Date of vaccination expiration.
5. Rabies vaccination tag number.
6. Vaccine producer.
7. Manufacturer's serial or lot number of vaccine.
8. Veterinarian's signature.
9. Veterinarian's license number and address.

The original certificate of rabies vaccination shall be provided to the owner. A durable metal or plastic, serially numbered rabies tag issued by the veterinarian who administers the vaccine shall be securely attached to the dog's or cat's collar or harness.

B. Duties of Owner

The owner is responsible to assure that his or her dog or cat wears a collar or harness with the approved rabies tag securely attached. The tag shall be worn at all times. In the event of loss or destruction of the original rabies tag, the owner shall obtain a duplicate tag. The owner is also responsible for notifying the animal control officer when ownership of his/her dog or cat changes, by the act of selling, barter, or using as a gift. The new owners must provide their name, address, telephone number and a complete description of the dog or cat.

Nuisance Offense (See Fines)

C. Proof of Vaccination and Licensure

It shall be unlawful for any person who owns or harbors a vaccinated dog or cat to fail or refuse to exhibit his copy of the certificate of vaccination and/or city licensure upon demand to any person charged with the enforcement of this ordinance.

D. Harboring Unvaccinated or Unlicensed Animals

It shall be unlawful for any person to harbor any dog or cat which has not been vaccinated against rabies, as provided herein, or which cannot be identified as having a current vaccination certificate or city license.

E. Harboring Limited Number of Mature Dogs and Cats:

It shall be unlawful for any family residence to harbor more than three (3) each dogs and cats that are four (4) months or older.

Nuisance Offense (See Fines)

F. Harboring Female Dogs and Cats for the Purpose of Breeding:

It shall be unlawful to harbor more than one (1) female for the purpose of breeding.

Nuisance Offense (See Fines)

SECTION IV. TRANSIENT DOGS AND CATS

Owners of dogs and cats who are temporarily visiting a specific rabies control jurisdiction with their dog(s) or cat(s) must carry with them and be prepared, upon demand of a legal authority, to present a current certificate or rabies vaccination for each dog or cat over the required age.

SECTION V. MANAGEMENT OF ANIMALS THAT BITE HUMANS

A. Reporting Animal Bites

1. Any person having knowledge that an animal has bitten a human shall immediately report the incident to the Rabies Control Authority. Every physician or other medical practitioner who treats a person or persons for such bites shall within 24 hours report such treatment to the Rabies Control Authority giving name, age, sex, and precise location of the bitten person or persons and such other information as the Rabies Control Authority may require.
2. Any veterinarian who clinically diagnoses rabies or any person who suspects rabies in a dog, cat or other domestic or wild animal shall immediately report the incident to the Rabies Control Authority stating precisely where such animal may be found. If a known or suspected rabid animal bites or attacks a domestic animal, such incident shall also be reported as required above.

B. Vaccinated Dogs and Cats

1. A healthy dog or cat that is currently vaccinated against rabies and that bites a human will be examined by a veterinarian, who will determine the animal's health status. If no signs of rabies are detected, the animal will be quarantined and observed for a period of 10 days from the date of the bite incident. At the end of the confinement period the dog or cat will be reexamined by a veterinarian. The results of the veterinary examinations will be documented and communicated to the Animal Control Officer, the Rabies Control Authority and the owner.
2. It shall be unlawful for any person to remove from any place of confinement any dog or cat which has been confined as authorized, without the consent of the Animal Control Officer.
3. The owner of the animal may request permission from the Rabies Control Authority for home quarantine if the following criteria can be met:
 - a. Secure facilities must be available at the home of the animal's owner. Fastening an animal by means of a collar or harness to a stationary object is not to be considered an alternative to physical confinement. The Animal Control Officer must approve the quarantine facility.
 - b. A licensed veterinarian must observe the animal on the first and last days of the quarantine period. If the animal becomes ill during the observation period, the Rabies Control Authority must be notified by the person having possession of the animal.
 - c. The animal was not a stray at the time of the bite incident.
4. If at the end of the quarantine period, the dog or cat shows no signs of rabies, it may be released from quarantine with the approval of the Animal Control Officer or attending veterinarian.
5. If at any time during quarantine or upon examination, the dog or cat shows signs of rabies, the Rabies Control Authority will decide the proper course of action after conferring with the examining veterinarian and the Animal Control Officer.

C. Unvaccinated Dogs and Cats

1. A dog or cat which has bitten a human, and has been designated by the Animal Control Officer to be a stray animal may be humanely killed in such a manner that the brain is not mutilated. The brain shall be submitted to a TDH certified laboratory for rabies testing.
2. An unvaccinated dog or cat that bites a human will be considered a rabies suspect and will be seized by the Animal Control Officer and impounded for observation, under the

supervision of a veterinarian, for a period of not less than 10 days. Payment of all fees incurred due to impoundment, veterinary examination and vaccination will be required of the owner upon the animal's release.

3. If at the end of the impoundment period the dog or cat shows signs of rabies, the Rabies Control Authority will decide on the proper course of action after conferring with the examining veterinarian and the Animal Control Officer.
4. If at the end of the impoundment period the dog or cat shows no signs of rabies, it may be released from impoundment with the approval of the Rabies Control Authority. Prior to its release, the dog or cat will be vaccinated against rabies at the owner's expense. Alternatively, the owner will pay the impoundment facility for the cost vaccination and receive that vaccination for their dog or cat within 72 hours from any local veterinarian.

D. Other Animals

1. Animals, other than dogs and cats, will be treated according to the circumstances of exposure, the species, and the presence of rabies in the area. The pathogenesis and length of incubation and virus shedding periods of rabies in those other animals is unknown.
2. The animal may, at the discretion of the Rabies Control Authority, be seized by the Animal Control Officer and immediately euthanized by a veterinarian who shall remove and properly preserve the head and submit the head to a qualified laboratory for rabies testing. Reports of the laboratory tests will be provided to the Rabies Control Authority, the Animal Control Officer and the submitting veterinarian.

SECTION VI. ANIMALS THAT ARE BITTEN BY RABID ANIMALS

A. Vaccinated Dogs or Cats

1. A currently vaccinated dog or cat that is bitten by a rabid animal will be revaccinated within 72 hours and quarantined under observation for 90 days or euthanized.
2. At the end of the quarantine period, the dog or cat will be examined by a veterinarian who will report the results of the examination to the Animal Control Officer or Rabies Control Authority.
3. If the examination determines that the dog or cat is free of signs of rabies, it may be released from quarantine with the approval of the Rabies Control Authority.

B. Unvaccinated Dogs or Cats

1. An unvaccinated dog or cat that is bitten by a rabid animal should be euthanized immediately.
2. If the owner is unwilling to consent to euthanasia, the animal shall be seized by the Animal Control Officer and impounded, at the owner's expense for six months, in strict isolation. If it shows no signs of rabies at the end of 5 months, it will be vaccinated against rabies at that time.
3. At the end of the six months impoundment, the dog or cat will be examined by a veterinarian who will report the results of the examination to the Rabies Control Authority or Animal Control Officer.
4. If the examination determines that the dog or cat is free of signs of rabies, it may be released from impoundment with the approval of the Rabies Control Authority.

C. Other Animals

1. Any animal, other than a dog or cat that is bitten by a rabies suspect should be euthanized at the discretion of the Rabies Control Authority. However, if the owner is unwilling to consent to euthanasia, the animal will be impounded by the Animal Control Officer, at the owner's expense, until it can be determined whether the rabies suspect that bit the subject animal is infected with or free of rabies.
2. If the rabies suspect is not available for testing or is found to have rabies, the impounded bitten animal will be euthanized at the discretion of the Rabies Control Authority. If the

rabies suspect is free of rabies, the impounded bitten animal may be released with the approval of the Rabies Control Authority.

SECTION VII. IMPOUNDMENT OF DOGS AND CATS

- A. If an impoundment facility is provided for the purpose of boarding and caring for any animal impounded under the provisions of this order, such facility shall be constructed in accordance with recommendations from the Texas Dept. of Health. In lieu of constructing an impoundment facility, the City may contract with a chartered humane society organization, private person, or veterinarian having suitable facilities that have been approved by the Texas Dept. of Health.
- B. Any animal that is found off of the owner's premises without a valid rabies vaccination tag shall be impounded. All impounded animals shall be given proper care and maintenance. As soon as practicable after impoundment, if the owner is known or can be traced, notice will be given. Each impounded animal shall be kept and maintained at the pound for a minimum of 5 days, unless it is reclaimed earlier by the owner.
- C. An owner may reclaim a vaccinated animal that is impounded for lack of a rabies tab and/or running at large by furnishing proof of rabies vaccination (Vaccination Certificate), paying all impoundment fees, and receiving all citations for payment to the City of Trinity prior to release.
- D. An owner may reclaim an unvaccinated animal during the period of impoundment by paying the prescribed impoundment and rabies vaccination fees and receiving any citations for payment to the City of Trinity. A rabies vaccination must be administered prior to or within 72 hours of release. If rabies vaccination is not performed prior to or at the time of release, arrangements will be made by the pound facility to reimburse the rabies vaccination fee to a veterinarian designated by the owner after receipt of proof of vaccination.
- E. Unclaimed Animals
If a seized animal is not redeemed within 5 days, and after reasonable effort has been made to locate the owner, it shall be considered abandoned and may be placed for adoption subject to payment of the impoundment fee, care and feeding charges, veterinarian charges, and such other costs as set by the City Council or the animal may be humanely euthanized.
- F. Disposition of Impounded Animals Being Held on Complaint
If a complaint has been filed in City Court in the City of Trinity, Texas against the owner of an impounded animal for violation of this ordinance, the animal shall not be released except on the order of the court which may also direct the owner in addition to all impoundment fees. The court may, upon making a finding that such animal is vicious or that it represents a clear and present danger or nuisance to the citizens or other animals in the community, order said animal to be euthanized in a humane manner. Surrender of an animal by the owner thereof to the Animal Control Officer does not relieve or render the owner immune from the decision of the court, nor the fees and fines which may result from a violation or violations of this ordinance.
- G. Disposition of Diseased Animals
Any animal taken into custody or impounded that appears to be seriously ill or injured in such a manner as to render treatment impractical may be euthanized before the end of the holding period or given to a non-profit humane society for the purpose of treatment.

SECTION VIII. ANIMALS RUNNING AT LARGE

- A. Running at Large — It shall be unlawful for any animal owned, kept, or harbored to run at large, as defined in Section I — M of this ordinance. The Animal Control Officer shall have the authority to impound such animal running at large. The Animal Control Officer shall furthermore be enabled by this ordinance to enter on to privately owned property for this purpose, so long as in doing so the Animal Control Officer does not violate a property owners "posted" or "no trespassing" notice.
